

EXERCISE PHYSIOLOGY ACADEMIC MAP

(Effective Summer 2020 and after)

This map is a term-by-term sample course schedule. The milestones listed to the right of each term are designed to keep you on course to graduate in four years. The Sample Schedule serves as a general guideline to help you build a full schedule each term. The Liberal Studies and Elective courses must be selected to satisfy all state and university-wide requirements unless your program meets these requirements with major courses. Please visit <http://liberalstudies.fsu.edu> to learn more about these requirements. Milestones are courses and special requirements necessary for timely progress to complete a major. Missing milestones will result in one of two types of map registration stops. The first level (**Degree Map Off Track**) is placed following grade posting if the student has missed a milestone (course and /or GPA) for the first time in the major. If a student in non-compliance with milestones for two (2) consecutive semesters (excluding summers) a **Major Change Required** stop is placed in the student's registration.

Graduates will be able to evaluate, plan for and counsel individuals in the areas of fitness, athletics, and cardiac rehabilitation. Students are being prepared for advanced degree work in exercise physiology, physical therapy, and other health fields, including medical school, as well as positions as personal trainers and health fitness instructors with both hospital-based wellness programs and corporate fitness programs.

A final grade of 'C-' or better is required in MAC 1105, MAC 1114, MAC 1140, BSC 2010, BSC 2010L, BSC 2011, CHM 1045, CHM 1045L, CHM 1046, CHM 1046L, either CHM 2210 or CHM 2200, PSY 2012, STA 2023/2122, a grade of 'B-' or better in HUN 1201 and a grade of 'S' in PET3102. Students are allowed only a single repeat of ONE of these courses. A grade of "C-" or better is required for all other coursework for the degree, unless otherwise noted.
