ACADEMIC RESEARCH

New Parents Project (Supervised by Dr. Sarah Schoppe-Sullivan) 08/2019-Present
Research Assistant

- Code video recorded interactions between new parents for the quality of their relationships
- Learn manualized coding system to rate each behavior present in the interactions
- Participate in team meetings to check the consistency of the coding and resolve disagreements
- Attend weekly lab meetings with graduate and undergraduate students

Measuring and Modeling Children's Arithmetic Strategy Usage (Supervised by Dr. Stephen Petrill) 08/2018-05/2020
Research Assistant

- Attended weekly lab meetings with the Principal Investigator and graduate students
- Helped design consent and test packages for African American child participants from a summer camp
- Conducted a mock test, completed the check-in, scoring and storage of test data and became familiar with the testing and scoring processes
- Collected data from the consent packages and verified children's eligibility for the study
- Utilized Redcap to design the structure of packages to help data inputting and set up the scoring criteria
- Checked-in and scored tests from test packages, tagged the recording files and the tests and input all the data using REDCap
- Designed data capture screens in REDCap using Smart Variables in order to enter data electronically; Included audio file data as well as calculations to determine scoring criteria
- Wrote manuals for new researchers and trained them to master each step of the testing and scoring processes

PROFESSIONAL EXPERIENCES

Peking University Sixth Hospital Beijing, China
Intern, supervised by Professor Qiujiu Qian 05/2019-07/2019

- Recorded the symptoms of patients, made diagnoses, and compared diagnoses with those of doctors
- Interacted with children with autism and their parents and recorded children's behaviors and words
- Participated in morning meetings and consultations to discuss the situations of new patients
- Learned manuals of self-rating scales such as pressure scales and depression scales and helped conduct pressure and depression rating of children

Yuxin Primary School of Capital Normal University Beijing, China
Intern, Psychology tutor 06/2018-07/2018

- Worked as a psychology tutor for a challenging student and developed rapport with him
- Drafted a report on this student's performance for the head teacher and the president of the school
- Communicated with the student's parents and put forward some suggestions to help him
- Delivered an introductory-level psychology lecture accompanied by a psychology-relevant movie
