

DOCTORAL PRELIMINARY EXAM RESULTS FORM

The doctoral preliminary exam is one milestone with two graded components, written and oral. Admission to Candidacy requires students to earn a "Pass" on both components. Students must earn a "Pass" on the written component of the exam, including completion of "additional work" where needed, before completing the oral examination. It is possible that a student can "Pass" both the written and oral portions of the exam on the same day. However, it is also possible for weeks to separate successful completion of both the written and oral portions of the doctoral preliminary exam.

This form certifies a student's progress toward completing the preliminary examination. The form is to be submitted to the CHHS Office of Research & Graduate Studies each time a student attempts any component of the preliminary examination. One or more signed forms with a majority vote of "Pass" for both the written and oral components must be on file before the student may apply for Admission to Doctoral Candidacy and register for dissertation hours. If "Additional Work" is indicated, a second form indicating the date the written component was "Passed" must be submitted, typically within two weeks of when the "additional work" disposition was originally signed. The results of the oral examination can be on that same form, or a subsequent form as needed.

STUDENT INFORMATION:

Name: _____ EMPLID: _____
Student FSU E-mail: _____
Department: _____ Plan: _____

RESULTS:

The committee will select one result for each exam component and indicate the date when the decision was made. This form should be submitted to the CHS Office of Research & Graduate Studies within three days of publicly announced examination date (written or oral).

WRITTEN: PASS FAIL ADDITIONAL WORK Date: _____
ORAL: PASS FAIL Date: _____

Note, digital signatures will only be accepted if completed through FSU DocuSign when accompanied by the verification page.
