

HUMAN DEVELOPMENT & FAMILY SCIENCES ACADEMIC MAP

(Effective Summer 2023 and after)

This map is a term-by-term sample course schedule. The milestones listed to the right of each term are designed to keep you on course to graduate in four years. The Sample Schedule serves as a general guideline to help you build a full schedule each term. The Liberal Studies and Elective courses must be selected to satisfy all state and university-wide requirements unless your program meets these requirements with major courses. Please visit <http://liberalstudies.fsu.edu> to learn more about these requirements. Milestones are courses and special requirements necessary for timely progress to complete a major. Missing milestones will result in one of two types of map registration stops. The first level (**Degree Map Off Track**) is placed following grade posting if the student has missed a milestone (course and /or GPA) for the first time in the major. If a student in non-compliance with milestones for two (2) consecutive semesters (excluding summers) a **Major Change Required** stop is placed in the student's registration.

The Human Development & Family Sciences program introduces students to applied developmental sciences, with an emphasis on the development process within family contexts and in different settings. It provides students with an introduction to working in applied settings, including hospitals, human service agencies, education, and child care settings. The program requires a 12-hour minor or area of concentration in one of a variety of other academic areas which is individually planned and designed to enhance each student's breadth and/or marketability. With early planning, double majoring or double minoring is a possibility and is encouraged.

A final grade of 'B-' or better is required in CHD2220, FAD2230, STA2XXX, & CHD3243. Students are allowed 1 reattempt in 2 of the courses.
