

Master's Revised Supervisory Committee Form

This form is to be submitted to the CHHS Office of Research & Graduate Studies to **request a change in composition of an already established master's student committee**. All members composing the new committee must sign. Although the signature of faculty who are no longer serving is not required, it is considered common courtesy to inform him/her before removing them.

Once approved, the new committee will be updated in the university's Graduate Student Tracking (GST) database. Only signatures of committee members, as per the date the supervisory committee was officially approved, will be accepted on other paperwork. Please note that the university locks all committees of master's thesis students in the first three weeks of the term the student applies for graduation (or before the thesis defense, if earlier). **Please refer to departmental, college and university policies for details about committee composition.**
